## How Act Interactive Flash Cards Work

Act Interactive Flash Cards are easy to use. Simply download the app to your smartphone or tablet and create an account. Then, choose the language you want to learn and start studying.

The app will start by showing you a flashcard with a word on it. You can click on the card to hear the pronunciation of the word, see its definition, and even take a quiz. If you know the word, you can click "I know it" and the card will be moved to the "Known" pile. If you don't know the word, you can click "I don't know it" and the card will be moved to the "To Learn" pile.

The app will then show you the cards in the "To Learn" pile again, but this time with increasing intervals. This helps you to learn the words more effectively.
