Print length : 96 pages

Lending : Enabled

The flash cards are divided into two sets: numbers 1-10 and numbers 11-30. Each set of flash cards features 10 different numbers. The front of each flash card shows the number, and the back of the flash card shows the number word and a picture of an object that represents the number.

To use the flash cards, simply show the child the front of the flash card and say the number. Then, have the child turn the flash card over and say the number word and identify the object in the picture.

Counting Numbers 30 Digital Flash Cards are a great way to help preschoolers learn numbers 1-30. These flash cards are fun, interactive, and educational, and they will help children develop their number recognition and counting skills.

Benefits of Using Counting Numbers 30 Digital Flash Cards

- Helps children learn numbers 1-30
- Improves number recognition and counting skills
- Makes learning numbers fun and interactive
- Is a great way to prepare children for kindergarten
